The inquiry will look at any information in the entity's possession but does not need to include an internal or third-party audit.

(3) The Contractor shall submit a report to the contracting office identified in paragraph (h)(2) of this clause if the Contractor identifies, including through any notification by a subcontractor at any tier, that a covered article or product or service produced or provided by a source was provided to the Government or used during contract performance and is subject to a FASCSA order(s). VA Information system is the same as information system and means, pursuant to 38 U.S.C. 5727, a discrete set of information resources organized for the collection, processing, maintenance, use, sharing, dissemination, or disposition of information whether automated or manual.

VA sensitive information means all VA data, on any storage media or in any form or format, which requires protection due to the risk of harm that could result from inadvertent or deliberate disclosure, alteration, or destruction of the information and includes sensitive personal information. The term includes information where improper use or disclosure could adversely affect the ability of VA to accomplish its mission, proprietary information, records about individuals requiring protection under various confidentiality provisions such as the Privacy Act and the HIPAA Privacy Rule, and information that can be withheld under the Freedom of Information Act. Examples of VA sensitive information include the following: individually-identifiable medical, benefits, and personnel information; financial, budgetary, research, quality assurance, confidential commercial, critical infrastructure, investigatory, and law enforcement information; information that is confidential and privileged in litigation such as information protected by the deliberative process privilege, attorney work-product privilege, and the attorney client privilege; and other information which, if released, could result in violation of law or harm or unfairness to any individual or group, or could adversely affect the national interest or the conduct of Federal programs.

(b) *General*. Contractor personnel assigned to work for or on behalf of VA must undergo a background investigation commensurate with the risk and sensitivity level designation associated with the work to be performed at the level indicated in the contract. The Contractor and subcontractors shall comply with VA Directive/Handbook 0710, Personnel Security and Suitability Program, which can be accessed at: https://vaww.va.gov/vapubs/index.cfm.

(c) *Risk and Sensitivity Levels*. The following table identifies the risk and sensitivity levels that apply to any personnel providing services under this contract. *VA Administrations, organizations and staff offices will use the OPM Position Designation Tool.

Positions/Tasks Designated as Non-Sensitive Positions – Tier 1/Low Risk
All postions low risk/tier1
Positions/Tasks Designated as Non-Sensitive Positions – Tier 2/Mod Risk

Positions/Tasks Designated as Non-Sensitive Positions – Tier 4/High Risk

Security clearances are granted to individuals with a specific requirement for access to classified material (for example, Confidential, Secret and Top Secret). Contractor personnel that are required to obtain a security clearance will be subject to a Tier 3 or Tier 5 investigation. The following sensitivity designations have been assigned for the identified Tier 3 and Tier 5 required by this contract:

Tier 3:

Tier 5:

The results from a background investigation are used to determine if an individual's fitness is sufficient for that individual to perform work for or on behalf of VA in the position identified in this contract. Contractor fitness determinations are made in accordance with 5 CFR Part 731.202.

Fitness requirements for employment are separate and distinct from job qualifications. If a Contractor or subcontractor employee is found to be unsuitable or unfit to provide services under this contract, the Contractor shall immediately remove the employee from working on this contract and take those necessary steps that restrict the employee's logical access to VA data, information, VA sensitive information, or information technology or VA information systems containing such data or information.

The Contractor shall advise the employee that they are not permitted to access any VA controlled building or real property in relation to this contract. The removal of an unfit Contractor or subcontractor employee does not alleviate the Contractor from satisfying the requirements of this contract. The Government will not reimburse the Contractor for any costs associated with the recruitment/replacement of an employee or subcontractor employee who is found to be unfit.

(e) *Identification Cards*. The Government will provide a Personal Identification Verification (PIV) card or other identification card, as necessary, to fit Contractor personnel who require physical access to VA facilities and/or logical access to VA data, information, VA sensitive information, or information technology or VA information systems containing such data or information. Contractor and subcontractor personnel shall prominently display their PIV/identification card on their persons while working at a VA facility and shall present their PIV/identification card for inspection upon request by a VA official. The Contractor must surrender the employee or subcontractor employee's PIV/identification card in accordance with the requirements set forth in Directive/Handbook 0735 when any of the following events occur:

1. When no longer needed for contract performance.

2. Upon completion of the Contractor/subcontractor employee's employment.

3. Upon contract completion or termination.

(f) *Lost/stolen*. Immediately upon detection, the Contractor shall report a lost or stolen PIV/identification card to the Government authorities as identified in Directive/Handbook 0735. Within 48 hours of reporting the lost/stolen PIV/identification card, the Contractor shall submit to the Program Manager an incident report that describes the relevant facts and circumstances regarding the loss/theft. If the loss/theft was reported by the Contractor to the local police, the Contractor shall further submit a copy of the final police report to the Program Manager within 48 hours of the report being made available by the local police department. The Government will not reimburse the Contractor for any costs that result from lost/stolen PIV/identification card(s).

(g) *Regular Reporting*. The Contractor shall submit a status report to PIV Sponsor within 5 working days after the end of each calendar quarter and as requested by the Government in order to initiate contract closeout procedures. The report must provide the status of each contractor/subcontractor employee who is required to have a PIV/identification card during the performance of the contract. The report shall identify the Contractor and the contract number, and list the following status for each contractor/subcontractor employee who holds a PIV/identification card under this contract:

1. Contractor/subcontractor employee name.
2. Name of VA facility where Contractor/subcontractor employee works, if applicable.
3. Date background check submitted for Contractor/subcontractor employee.

When a contract includes both services and supplies, the 50 percent limitation shall apply only to the service portion of the contract.

(2) *Supplies/products*.

(f) *Joint ventures*. A joint venture may be considered eligible as an SDVOSB if the joint venture complies with the requirements in 13 CFR 128.402 and the managing joint venture partner makes the representations under paragraph (c) of this clause. A joint venture agrees that, in the performance of the contract, the applicable percentage specified in paragraph (d) of this clause will be performed by the aggregate of the joint venture participants.

(g) *Precedence*. The VA Veterans First Contracting Program, as defined in VAAR 802.101, subpart 819.70, and this clause, takes precedence over any inconsistencies between the requirements of the SBA Veteran Small Business Certification Program and the VA Veterans First Contracting Program.

(h) *Misrepresentation*. Pursuant to 38 U.S.C. 8127(g), any business concern, including all its principals, that is determined by VA to have willfully and intentionally misrepresented a company's SDVOSB status is subject to debarment from contracting with the Department for a period of not less than five years (see VAAR 809.406–2 Causes for Debarment).

(End of Clause)

C.9 VAAR 852.219-75 VA NOTICE OF LIMITATIONS ON SUBCONTRACTING—CERTIFICATE OF COMPLIANCE FOR SERVICES AND CONSTRUCTION (NOV 2022)

(a) Pursuant to 38 U.S.C. 8127(k)(2), the offeror certifies that—

(1) If awarded a contract (see FAR 2.101 definition), it will comply with the limitations on subcontracting requirement as provided in the solicitation and the resultant contract, as follows:

(i) [X] *Services*. In the case of a contract for services (except construction), the contractor will not pay more than 50% of the amount paid by the government to it to firms that are not VIP-listed SDVOSBs as set forth in 852.219–73 or VOSBs as set forth in 852.219–74. Any work that a similarly situated VIP-listed subcontractor further subcontracts will count towards the 50% subcontract amount that cannot be exceeded. Other direct costs may be excluded to the extent they are not the principal purpose of the acquisition and small business concerns do not provide the service as set forth in 13 CFR 125.6.

(ii) [] *General construction*. In the case of a contract for general construction, the contractor will not pay more than 85% of the amount paid by the government to it to firms that are not VIP-listed SDVOSBs as set forth in 852.219–73or VOSBs as set forth in 852.219–74. Any work that a similarly situated VIP-listed subcontractor further subcontracts will count towards the 85% subcontract amount that cannot be exceeded. Cost of materials are excluded and not considered to be subcontracted.

(iii) [] *Special trade construction contractors*. In the case of a contract for special trade contractors, the contractor will not pay more than 75% of the amount paid by the government to it to firms that are not VIP-listed SDVOSBs as set forth in 852.219–73 or VOSBs as set forth in 852.219–74. Any work that a similarly situated subcontractor further subcontracts will count towards the 75% subcontract amount that cannot be exceeded. Cost of materials are excluded and not considered to be subcontracted.

(2) The offeror acknowledges that this certification concerns a matter within the jurisdiction of an Agency of the United States. The offeror further acknowledges that this certification is subject to Title 18, United States Code, Section 1001, and, as such, a false, fictitious, or fraudulent certification may render the offeror subject to criminal, civil, or administrative penalties, including prosecution.

(3) If VA determines that an SDVOSB/ VOSB awarded a contract pursuant to 38 U.S.C. 8127 did not act in good faith, such SDVOSB/VOSB shall be subject to any or all of the following:

(i) Referral to the VA Suspension and Debarment Committee;

(ii) A fine under section 16(g)(1) of the Small Business Act (15 U.S.C. 645(g)(1)); and

(iii) Prosecution for violating section 1001 of title 18.

(b) The offeror represents and understands that by submission of its offer and award of a contract it may be required to provide copies of documents or records to VA that VA may review to determine whether the offeror complied with the limitations on subcontracting requirement specified in the contract. Contracting officers may, at their discretion, require the contractor to demonstrate its compliance with the limitations on subcontracting at any time during performance and upon completion of a contract if the information regarding such compliance is not already available to the contracting officer. Evidence of compliance includes, but is not limited to, invoices, copies of subcontracts, or a list of the value of tasks performed.

(c) The offeror further agrees to cooperate fully and make available any documents or records as may be required to enable VA to determine compliance with the limitations on subcontracting

requirement. The offeror understands that failure to provide documents as requested by VA may result in remedial action as the Government deems appropriate.

(d) Offeror completed certification/fill-in required. The formal certification must be completed, signed and returned with the offeror's bid, quotation, or proposal. The Government will not consider offers for award from offerors that do not provide the certification, and all such responses will be deemed ineligible for evaluation and award.

(a) *Definition*. For the Department of Veterans Affairs, "Veteran-owned small business or VOSB":

(1) Means a small business concern—

(i) Not less than 51 percent of which is owned by one or more Veterans or, in the case of any publicly owned business, not less than 51 percent of the stock of which is owned by one or more Veteran(s);

(ii) The management and daily business operations of which are controlled by one or more Veteran(s);

(iii) The business meets Federal small business size standards for the applicable North American Industry Classification System (NAICS) code identified in the solicitation document.

(iv) The business has been verified for ownership and control pursuant to 38 U.S.C. 8127 and 13 CFR 128, and is certified and listed in the SBA certification database at *https://veterans.certify.sba.gov/*; and

(v) The business agrees to comply with VAAR subpart 819.70 and Small Business Administration (SBA) regulations regarding small business size and government contracting, and the Veterans Small Business Certification Program at 13 CFR parts 121, 125, and 128.

(2) ''*Veteran*'' is defined in 38 U.S.C. 101(2).

(3) The term ''*small business concern*'' has the meaning given that term under section 3 of the Small Business Act (15 U.S.C. 632).

(4) The term *''small business concern owned and controlled by Veterans''* has the meaning given that term under section 3(q)(3) of the Small Business Act (15 U.S.C. 632(q)(3)), except that for a VA contract the firm must be certified and listed in the SBA certification database.

(5) The term *''VOSB participant'' or certified VOSB* means a small business that has been certified as eligible to participate in the Veteran Small Business Certification Program and listed in the SBA certification database (see 13 CFR 128.102). It includes certified service-disabled veteran-owned small businesses (SDVOSBs).

(b) *General*. In order for a concern to submit an offer and be eligible for the award of a VOSB set-aside or sole source contract, the concern must qualify as a small business concern under the size standard corresponding to the NAICS code assigned to the contract and be certified and listed as a VOSB or SDVOSB participant in the certification database as set forth in 13 CFR 128.

(1) Offers received from entities that are not certified VOSBs or SDVOSBs and listed in the SBA certification database at the time of offer shall not be considered.

(2) Any award resulting from this solicitation shall be made only to a certified VOSB who is eligible at the time of submission of offer(s) and at time of award.

(3) The requirements in this clause apply to any contract, order or subcontract where the firm receives a benefit or preference from its designation as a VOSB, including set-asides, sole source awards, and evaluation preferences.

(c) *Representation*. Pursuant to 38 U.S.C. 8127(e), only certified VOSBs listed in the SBA certification database are considered eligible to receive award of a resulting contract. By submitting an offer, the prospective contractor represents that it is an eligible and certified VOSB as defined in this clause, 13 CFR 121, 125, and 128, and VAAR subpart 819.70.

(d) *Agreement/LOS certification*. When awarded a contract action, including orders under multiple-award contracts, a VOSB agrees that in the performance of the contract, the VOSB shall comply with requirements in VAAR subpart 819.70 and SBA regulations on small business size, and government contracting programs at 13 CFR parts 121 and 125, including the non-manufacturer rule and limitations on-subcontracting (LOS) requirements in 13 CFR 121.406(b) and 125.6. For the purpose of the limitations on subcontracting, only certified VOSBs listed in the SBA certification database, (including independent contractors) shall be considered eligible and/or ''similarly situated'' (i.e., a firm that has the same small business program status as the prime contractor). An otherwise eligible firm further agrees to comply with the required LOS certification requirements in this solicitation (see 852.219–75 and/or 852.219–76 as applicable). These requirements are summarized as follows:

(1) *Services*. In the case of a contract for services (except construction), the VOSB prime contractor will not pay more than 50% of the amount paid by the government to the prime for contract performance to firms that are not certified VOSBs listed in the SBA certification

database (excluding direct costs to the extent they are not the principal purpose of the acquisition and the SDVOSB/ VOSB does not provide the service, such as airline travel, cloud computing services, or mass media purchases). When a contract includes both services and supplies, the 50 percent limitation shall apply only to the service portion of the contract.

(2) *Supplies/products*.

(i) In the case of a contract for supplies or products (other than from a non-manufacturer of such supplies), the VOSB prime contractor will not pay more than 50% of the amount paid by the government to the prime for contract performance, excluding the cost of materials, to firms that are not certified VOSBs listed in the SBA certification database. When a contract includes both supply and services, the 50 percent limitation shall apply only to the supply portion of the contract.

(ii) In the case of a contract for supplies from a non-manufacturer, the VOSB prime contractor will supply the product of a domestic small business manufacturer or processor, unless a waiver as described in 13 CFR 121.406(b)(5) has been granted. Refer to 13 CFR 125.6(a)(2)(ii) for guidance pertaining to multiple item procurements.

(3) *General construction*. In the case of a contract for general construction, the VOSB prime contractor will not pay more than 85% of the amount paid by the government to the prime for contract performance, excluding the cost of materials, to firms that are not certified VOSBs listed in the SBA certification database.

(4) *Special trade construction contractors*. In the case of a contract for special trade contractors, no more than 75% of the amount paid by the government to the prime for contract performance, excluding the cost of materials, may be paid to firms that are not certified VOSBs listed in the SBA certification database.

(5) *Subcontracting*. A VOSB must meet the NAICS size standard assigned by the prime contractor and be listed in the SBA certification database to count as similarly situated. Any work that a first tier VOSB subcontractor further subcontracts will count towards the percent of subcontract amount that cannot be exceeded. For supply or construction contracts, the cost of materials is excluded and not considered to be subcontracted. When a contract includes both services and supplies, the 50 percent limitation shall apply only to the portion of the contract with the preponderance of the expenditure upon which the assigned NAICS is based. For information and more specific requirements, refer to 13 CFR 125.6.

(e) *Required limitations on subcontracting compliance measurement period*. A VOSB shall comply with the limitations on subcontracting as follows:

[] By the end of the base term of the contract or order, and then by the end of each subsequent option period; or

[X] By the end of the performance period for each order issued under the contract.

(f) *Joint ventures*. A joint venture may be considered eligible as a VOSB if the joint venture complies with the requirements in 13 CFR 128.402 and the managing joint venture partner makes the representations under paragraph (c) of this clause. A joint venture agrees that, in the

performance of the contract, the applicable percentage specified in paragraph (d) of this clause will be performed by the aggregate of the joint venture participants.

(g) *Precedence*. The VA Veterans First Contracting Program, as defined in VAAR 802.10, subpart 819.70, and this clause, takes precedence over any inconsistencies between the requirements of the SBA Veteran Small Business Certification Program and the VA Veterans First Contracting Program.

(h) *Misrepresentation*. Pursuant to 38 U.S.C. 8127(g), any business concern, including all its principals, that is determined by VA to have willfully and intentionally misrepresented a company's VOSB status is subject to debarment from contracting with the Department for a period of not less than five years (see VAAR 809.406–2, Causes for Debarment).

(End of Clause)

SECTION D - CONTRACT DOCUMENTS, EXHIBITS, OR ATTACHMENTS

SECTION E - SOLICITATION PROVISIONS

E.1 52.212-1 INSTRUCTIONS TO OFFERORS—COMMERCIAL PRODUCTS AND COMMERCIAL SERVICES (OCT 2025) (DEVIATION)

(a) *Submission of offers*. Submit signed and dated offers to the office specified in this solicitation at or before the exact time specified in this solicitation. As a minimum, offers shall include—

(1) The solicitation number;

(2) The name, address, telephone number of the Offeror;

(3) The Offeror's Unique Entity Identifier (UEI) and, if applicable, Electronic Funds Transfer (EFT) indicator;

(4) Information necessary to evaluate the factors contained in the provision at 52.212-2 or as described in the solicitation;

(5) Responses to provisions that require Offeror completion of information, representations, and certifications (other than those collected via the System for Award Management (SAM)); and

(6) A statement specifying the extent of agreement with all terms, conditions, and provisions included in the solicitation and any solicitation amendments.

(b) *Period for acceptance of offers*. The Offeror agrees to hold the prices in its offer firm for 60 calendar days from the date specified for receipt of offers, unless another time period is specified in an addendum to the solicitation.

(c) *Late submissions, modifications, revisions, and withdrawals of offers*.

(1) Offerors are responsible for submitting offers and any modifications or revisions to the Government office designated in the solicitation by the time specified in the solicitation.

(2) Any offer, modification, or revision received after the time specified for receipt of offers is "late" and will not be considered unless it is received before award is made and the Contracting Officer determines that accepting the late offer would not unduly delay the acquisition. However, a late modification of an otherwise successful offer that makes its terms more favorable to the Government will be considered at any time it is received and may be accepted.

(3) If an emergency or unanticipated event interrupts normal Government processes so that offers cannot be received at the Government office designated for receipt of offers by the exact time specified in the solicitation, and urgent Government requirements preclude amendment of the solicitation or other notice of an extension of the closing date, the time specified for receipt of offers will be deemed to be extended to the same time of day specified in the solicitation on the first work day on which normal Government processes resume.

(4) Offerors may withdraw their offers by written notice to the Government received at any time before award.

(d) *Contract award (not applicable to Invitation for Bids)*. The Government intends to evaluate offers and award a contract without discussions with Offerors. Therefore, the Offeror's initial offer should contain the Offeror's best terms. However, the Government reserves the right to conduct discussions, if necessary. The Government may reject any or all offers if such action is in the public interest, accept other than the lowest offer, and waive informalities and minor irregularities in offers received.

(e) *Debriefings*. If a post award debriefing is given to requesting Offerors, the Government will disclose the following information, if applicable:

(1) The agency's evaluation of the significant weak or deficient factors in the debriefed Offeror's offer.

ADDENDUM to FAR 52.212-1 INSTRUCTIONS TO OFFERORS—COMMERCIAL PRODUCTS AND COMMERCIAL SERVICES

Provisions that are incorporated by reference (by Citation Number, Title, and Date), have the same force and effect as if they were given in full text. Upon request, the Contracting Officer will make their full text available.

The following provisions are incorporated into 52.212-1 as an addendum to this solicitation:

INSTRUCTIONS TO OFFERORS:

A quote must stipulate that it is predicated upon all the terms and conditions of this RFQ and signed by an official authorized to bind the organization. It must indicate that it is firm for a period of at least 90 days from the closing date of this RFQ.

See Section D for how the Government will evaluate each quote.

This RFQ does not commit the Government to pay any costs associated with the preparation and submission of a quote. An accepted quote shall become a part of the resulting order.

Any additional clauses required by public law, executive order, or acquisition regulations in effect at the time of execution of the proposed contract will be included.

QUESTIONS

Questions relating to this RFQ shall be submitted only via email to Gary Hitt at gary.hitt@va.gov on or before 10:00pm EST on 10/21/2026. Responses will be published in a solicitation amendment that may or may not extend the offer due date. Any questions submitted in any medium other than email will be ignored.

OFFER DUE DATE

The quote must be submitted via email to Gary Hitt at gary.hitt@va.gov on or before the closing date as shown in the solicitation. Quotes received after the due date and time may not be considered. The offeror shall enter the offered prices for the individual CLIN and attach a separate .pdf file with the technical specifications of the offered item.

TECHNICAL CONTENT

Responses of the quote's technical content must be provided **as a single document** (not to exceed 20 pages). The written plan shall conform to the standards of 12-point font and keep branding and images to a minimum. Graphs, tables, etc. are acceptable and do count against page limits. Signed RFQ, corresponding acknowledgements and completed CLIN does not count against page limits/attachments.

Quotes shall clearly and completely address the technical elements listed in the PWS. Responses to these elements will form the basis of determining the technical acceptability of the quote. A quote may be considered not technically acceptable if inadequate or insufficient information is submitted, which may exclude the quote from further consideration.

PAST PERFORMANCE

Three (3) examples of past performance of similarly scoped work shall be provided in vendor response. The past performance of government examples should include contract numbers, government point of contact information, agency information, overview of services and approximate value. Non-government examples should provide the overview of services, approximate value, period of performance and point of contact information.

PRICE CONTENT

Government may make award based on the initial quotes received; therefore, an offeror should submit its best pricing with its quote. Pricing submitted in offeror quote shall be listed as shown in the schedule. Offerors are hereby advised that any offeror-imposed terms and conditions that deviate from the Government's material terms and conditions established by the solicitation may render the quote unacceptable and, therefore, ineligible for award.

Completed Certificate of Compliance for Services and Construction at 852.219-75 shall be submitted. Failure to complete, sign and submit this certification will automatically result in a non-compliant

determination and no further consideration for award. Contractors are advised ALL fill-ins need to be completed.

(End of Addendum to 52.212-1)

E.2 52.212-2 EVALUATION—COMMERCIAL PRODUCTS AND COMMERCIAL SERVICES (OCT 2025) (DEVIATION)

(a) The Government will award a contract resulting from this solicitation to the responsible offeror whose offer conforming to the solicitation will be most advantageous to the Government, price and other factors considered.

(b) The following factors shall be used to evaluate offers:

- Technical Capability
- Past Performance
- Price

(c) Evaluation Approach. The Government will evaluate quotations using the comparative evaluation process outlined in RFO 12.203(c)(2), where quotations will be compared to one another to determine which provides the best benefit to the government. The Government reserves the right to select a quotation other than the lowest price that provides additional benefit(s). Quotations may exceed minimum requirements of the solicitation. The Government reserves the right to select a quotation that provides benefit to the Government that exceeds the minimum requirements of the solicitation but is not required to do so. Each response must meet the minimum requirements of the solicitation. The Government is not requesting or accepting alternate quotations.

The evaluation will consider the following:

1. Technical Capability: The quotation will be evaluated to the extent to which it can meet and/or exceed the Government's requirements as outlined in the solicitation and based on the information requested in the instructions to quoters section of the solicitation. The vendor shall clearly and completely address the technical elements listed in the performance work statement. Responses to these elements will form the basis of determining the technical acceptability of the quote. A quote may be considered not technically acceptable if inadequate or insufficient information is submitted, which may exclude the quote from further consideration.

2. Past Performance: The past performance evaluation will assess the relative risks associated with a quoter's likelihood of success in fulfilling the solicitation's requirements as indicated by the quoter's record of past performance. In addition, the quoter shall

provide brief narratives of similarly scoped work completed. Previous work examples shall be work reflected of the contractor submitting the quote. The past performance evaluation may be based on the contracting officer's knowledge of and previous experience with the supply or service being acquired; Customer surveys, communications with past performance point of contacts, and past performance questionnaire replies; Contractor Performance Assessment Reporting System (CPARS) at http://www.cpars.gov/; or any other reasonable basis.

3. Price: The Government will evaluate the price by the CLINs in the RFQ and will be considered the Total Evaluated Price. Quotes shall be valid for 90 days. The government may choose to evaluate pricing for realism. Quotes that are unrealistically high or low in price, when compared to the Government estimate, and/or market conditions evidenced by other competitive quotes received, may be indicative of an inherent lack of understanding of the solicitation terms and conditions and/or increased risk of poor performance. This may result in quote rejection without discussion. Government may make award based on the initial quotes received; therefore, an offeror should submit its best pricing with its quote.

(d) Offerors are hereby advised that any offeror-imposed terms and conditions that deviate from the Government's material terms and conditions established by the solicitation may render the quote unacceptable and, therefore, ineligible for award. Any additional clauses required by public law, executive order, or acquisition regulations in effect at the time of execution of the proposed contract will be included.

Additional information pertaining to Comparative Evaluation is below:

What Comparative Evaluation is:

• It is the direct comparison of one quotation/offer with another in a uniform and fair manner to determine which quote/offer provides the Government what it needs, where and when, as identified in the RFQ

• It is an assessment of which response is the "best" as a whole

• Once one quotation/offer is found acceptable, it is compared side by side to the remaining ones, and the "best" one is chosen

What Comparative Evaluation is not:

• It does not individually evaluate quote/offers against specified evaluation factors

• It does not assign a rating using a color, numerical, or other rating methodology

• Although the process is not prohibited, it does not require additional evaluation to determine if minimal advantage is worth a minimal or normal price difference

• It is not a low price technically acceptable (LPTA) or trade-off procedure.

Contractors may submit more than one quote; however, contractors are strongly encouraged to submit their best technical solutions and prices in response to this request for quote. All quotes must be submitted by the deadline to be considered for evaluation.

The Government reserves the right to not select any quotes for award. Additionally, the Government reserves the right to cancel this solicitation at any time without making award.

The Contractor is responsible for all quote preparation costs, which, under no circumstances, will be paid or otherwise provided for by the Government.

Once the Government determines there is/are a contractor(s) that can provide a service that meet(s) the requirements of this request for quote, the Government reserves the right to communicate with only those contractors quoting the best-suited service to address any remaining issues.

(d) Offerors are hereby advised that any offeror-imposed terms and conditions that deviate from the Government's material terms and conditions established by the solicitation may render the quote unacceptable and, therefore, ineligible for award. Any additional clauses required by public law, executive order, or acquisition regulations in effect at the time of execution of the proposed contract will be included.
